**Newsweek Poll
Beauty/National Politics
Princeton Survey Research Associates International**

Final Topline Results
(6/28/10)

N = 964 adults, 18+
Margins of error: plus or minus 3.8
Interviewing dates: 6/23-24/10

SAMPLE SIZE/MARGIN OF ERROR FOR KEY SUBGROUPS:

294 Republicans (plus or minus 6.9)
313 Democrats (plus or minus 6.6)
297 Independents (plus or minus 6.8)

Notes: Data are weighted so that sample demographics match Census Current Population Survey parameters for gender, age, education, race, region, and population density.

Results based on smaller subgroups are subject to larger margins of sampling error. Sample size and margins of error for these subgroups are included in a separate methodology statement.

An asterisk () indicates a value less than 1%.*

*****PLEASE NOTE THAT THE FEBRUARY 2010 TREND RESULTS FOR QUESTIONS 1 AND 2 AND TREND DATES FOR QUESTION 3 HAVE BEEN UPDATED IN THIS DOCUMENT TO AMEND PREVIOUSLY INCORRECT DATA RELEASED ON JUNE 25, 2010.*****

Questions 1 and 2 asked in random order based on form split.

Now I have just a few more questions so we can describe the people who took part in our survey...

D2. In politics TODAY, do you consider yourself a Republican, Democrat, or Independent?

29	Republican
34	Democrat
30	Independent
4	(VOL.) No party/Not interested in politics
*	(VOL.) Other party
3	Don't know
100	

END OF INTERVIEW – THANK RESPONDENT:

That completes the interview. Thank you very much for your cooperation.

⁶ Trends 9/04 thru 7/07 are from Pew Research Center. Results are based on Total respondents unless otherwise indicated. The abbreviation RVs indicates the trend figures are based on registered voters.

**Newsweek Poll
Beauty/National Politics
Princeton Survey Research Associates International**

Methodology Statement
(6/28/10)

This poll was conducted by Princeton Survey Research Associates International from June 23-24, 2010. Telephone interviews were conducted with a nationally representative sample of 964 adults, 18 years and over, including 800 adults from national random digit dial (RDD) sample and an additional 164 18-44 year olds screened from national RDD sample. Results are weighted so that the sample demographics match Census Current Population Survey parameters for gender, age, education, race, region, and population density. The overall margin of sampling error is plus or minus 3.8 percentage points for results based on 964 adults. Results based on smaller subgroups are subject to larger margins of sampling error.

SAMPLE SIZE/MARGIN OF ERROR FOR KEY SUBGROUPS:

294	Republicans (plus or minus 6.9)
313	Democrats (plus or minus 6.6)
297	Independents (plus or minus 6.8)

In addition to sampling error, the practical difficulties of conducting surveys can also introduce error or bias to poll results.
